teach her how old she is but  
it seems one of the impossibilities  
She was over to Clifford Sunday  
and came back with a tough  
looking face got bumped on a  
can of tar has quite a cut on  
her nose.

Just called Helen and received a  
grunt in reply so - guess she is  
alright. How is Elsie & is her  
vacantation(?) healed or healing?

Pop has come in and is  
eating breakfast - so guess I will  
eat also. News are rather  
scarce and will leave some  
things for Helen to tell about  
and illustrate

With love from us - all

Mother.
